

# Global Family

## Inspire Co-Creation

**Vision:** shifting consciousness from separation and fear to unity, love, and co-creation

**Mission:** empowering and connecting individuals and groups to actualize their purpose and co-create positive change in the world

## Benefits of Being a Global Family Ambassador

One way to participate with Global Family (GF) is to become an ambassador of co-creation—to express your unique calling, grow spiritually, and connect with like-hearted members of our global family.

The benefits of being an Ambassador include:

- More fully expressing your life purpose and utilizing your skills to serve others
- Continuing to evolve personally with aligned individuals
- Being more empowered, uplifted, and expanded as you participate in global activities
- Connecting with others and deepening friendships with those who share your values and are committed to co-creating a more loving world

## Self-Selecting Criteria

In choosing to participate as an Ambassador, we invite you to use the following self-selecting criteria to become clear about your intention and commitment:

- You feel an inner calling to serve in this way.
- You share the vision, mission, and values of Global Family: love, unity, peace, mutual respect, trust, and goodwill for all.
- You align with The Co-Creator's Agreements (Posted under the menu item Core Group Process on [www.globalfamily.org](http://www.globalfamily.org)).
- You are willing to represent Global Family in your community or your organization.
- You are committed to co-create positive change in the world.

## Opportunities for Global Family Ambassadors

This is an “emerging role”—to be co-created with fellow Ambassadors who feel called to participate. We'll be happy to work with you to “phase in” new activities and responsibilities as you co-create your right relationship with Global Family. Which of these resonate with you?

- I align with the vision of Global Family and the benefits of being an Ambassador.
- I choose to represent Global Family in your area as an individual or as part of a Core Group for at least six months.

- I empower individuals and teams in your community by seeding Core Groups to support individuals to evolve spiritually and to discover and fulfill their unique purposes.
- I share information, tools, and activities with your community and provide feedback to GF on what's working in your area.
- I promote and network events that foster unity and are aligned with the spirit of Global Family.
- I serve as a bridge with groups and organizations that share our values.
- I assist Global Family community members with personal support when they visit your area. (In the past, many Ambassadors and members of GF welcomed other members as guests in their homes.)
- I participate in regular link-ups and gatherings that energize the Ambassadors and the GF community.
- I make a one time or monthly contribution to support the mission of GF.
- I create my own projects to express unity, love, and co-creation.
