Doris Fritz, Stuttgart

After 13 years of employment in the IT industry (with leadership experience), I have found my vocation and today I am in private practice. I'm a psychotherapist, systemic coach, trauma therapist, and I teach and lead system constellations work in families and companies.

Ever since I personally experienced Barbara Hubbard in Zurich, Switzerland and experienced the co-creation seminar with Carolyn, Sanford, Makasha and Katharine in Hamburg in October 2017, I am thrilled with the opportunity to join an evolutionary step.

For 12 years I am a member of the Mystery School Ridhwan of A.H. Almaas. Researching the possibilities of consciousness is my deepest passion for many years.

Sabine (Astella) Drews, Cologne

Since participating in the co-creation workshop in Hamburg, I am focussed on my passion for experiencing these practices—connected with my heart and in resonance.

Now, I am Co-Creator and Co-Founder of An.Easy.We, together with Martin Amend. The purpose of our company is to share the culture of co-creation and to establish core groups in Germany. I contribute with my abilities as musician by soul, artist, author, coach, IT senior analyst, business studies graduate and member of the Global Family.

Currently, I live on my own in Cologne. My wish is to join a cohabitation community and to open spaces for co-creation—living in consciousness, joy, and inner silence.
